

Life Group Reading Plan 2024

SUMMER & FALL

Family Integrated Reading Plan

New Life seeks to equip and encourage believers by pointing followers of Jesus back to His Word. Reading the Bible is an essential discipline for followers of Jesus Christ. Taking the time to read the Bible is one of the ways that a Christian grows closer to the Lord and it cultivates a relationship with Him. However, the goal is not simply checking off a box when reading the Bible. New Life Church wants to promote a method that will encourage the Christian to grow (understand God's Word) and be transformed (motivated to action) by the power of God's Word.

The plan below takes a different approach than New Life Church has done in the past. New Life Church ventured chronologically and thematically through the Old and New Testaments. This year's approach will seek to integrate the Life Group with the Children's Ministry. Throughout the week, we will be reading passages that have a similar theme to what the children are learning in the Children's Ministry. Each Friday, the Life Group reading will span what the children cover on the upcoming Sunday. After reading throughout the week and learning about the passage on Sunday morning, Life Groups will have a fantastic opportunity to reinforce what they have learned throughout the week and Sunday morning. Through this reading plan, families will be more connected and grow together through God's Word.

New Life Church encourages you to continue using the HEAR method when going through this reading plan. God desires that we actively pursue Him through prayer and reading the Bible. We believe that the HEAR method of studying the Word provides a way to pursue God. HEAR is an acronym:

Highlight - Highlight each verse that speaks to you or stands out to you in a given passage.

Explain - Explain what those verses mean that you highlighted. Some questions you may ask to help explain the passage could be:

Principles to help us be faithful to the text:

- **SCRIPTURE INTERPRETS SCRIPTURE**
 - Often Scripture interprets itself. In some instances, another Biblical writer interprets another biblical passage.
- **CONTEXT INTERPRETS SCRIPTURE**
 - The surrounding verses, chapters, and Book of the Bible provide immediate context to any Bible verse, as does the historical, cultural, and linguistic context of a verse.
- **INTENT INTERPRETS SCRIPTURE**
 - All Scripture has an intended meaning. Therefore, it is true that Scripture has one correct interpretation while it may have many correct applications.
- **THE CLEAR INTERPRETS THE OBSCURE**
 - No verse of Scripture should be interpreted to contradict the overall message of Scripture. When faced with an obscure verse, we find a clear verse to help interpret it.

Apply - Determine how the verses that you highlighted can be properly applied to your life. Correct application flows out of a good explanation of the verses. Highlighting and Explanation lead to application. Some questions you may ask to help apply the passage could be:

- What does this mean for me today? (It is important to not change the meaning of the verse to attempt to make it mean something that was not intended by the author).
- What is God communicating to me through this passage?

Respond - While we believe that each text has a correct given meaning when interpreted properly, each person may be stirred to action differently. Write out how what you have read has motivated you to action in some way.
